AMERICA FOR AMERICANS

McKINLEY AND WILSON ABROAD.

In 1890 William McKinley was burned in effigy in the English manufacturing city of Sheffield, and in 1894 William Wilson was stoned and killed in London because he is the author of a Free-trade Tariff Bill. These are significant facts.

THE SILVER PROBLEM.

Commercial Gazette.
Farmer Anderson has two thousand bushels of wheat.
Mr. Jones has a thousand dollars worth of silver bullion.
Mr. Anderson's wheat is worth in the market \$1,000.
So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes his silver to the Mint and it is coined into two thousand nine hundred and fifty dollars.
When Farmer Anderson brings along his thousand dollars worth of wheat, Mr. Jones buys it, paying him \$1,000—and he has \$1,000 left with which to buy the wheat of the next farmer that comes along.

This is free coinage. Some people are sure that all the farmers in the country are shouting for it.
We should see a good many strange things in this country if the silver people should have their way.

REPUBLICAN DELEGATION NINTH DISTRICT.

Pursuant to Rule 9 of the "Rules of the Republican Organization of Kentucky," a meeting of the Republican Delegates of the Ninth Congressional District will be held in Convention Hall, Louisville, Ky., June 25th, 1896, at 10 o'clock a. m. in Hall "C," third floor. Prompt attendance of the delegates at said convention is important and desired.

Chas. N. Nix, Chairman.
Brooklyn, Ky., May 25d, 1896.

In the Mercer County Circuit Court GEORGE NORVEL was sentenced to two years' imprisonment for killing Prefessor COLSON without provocation, while JOHN PARNER a well-to-do farmer was given one year for stealing a barrel of corn. Measured by the VANDEBILT verdict in the same county, the punishment of NORVEL is out of all proportion to the crime.

The exercises all over the country on Memorial Day bear strong testimony to the oblation of sectional lines. The war has been over for many years, so far as the real soldiers of both armies are concerned. It has been kept up only by political demagogues on both sides, whose most dangerous batteries are their mouths and whose most effective ammunition is wind. The terms "Tankee soldier" and "Rebel soldier" have been absorbed by the broader designation of "American soldier."

The continued growth of the American tinplate industry drives another nail in the Protection coffin. The Metal Worker of New York says twenty-eight plants are now in operation, with ten more building. About 15,000 hands are employed in the mills now running.

Courier-Journal.

And yet the Democratic campaign liars of 1892 insisted that there never had been, that there was not then being, nor would there ever be, any tinplate manufacturing in the United States. But our esteemed contemporary at the month of Boggrass carefully conceals the fact that the result of 1892 seriously crippled the new American industry, and that it has only taken on new life since the overwhelming defeat of the Free-trade fan in November, 1894. If you can't be happy if you lose.

Good for nothing

Yes, that describes how I feel.

I have no energy left, nothing left.

My strength has left me and I have no inclination to work.

No one would take me for the same person that I used to be.

I look and feel forlorn and miserable.

My spirits are low, I feel despondent and I can't sleep at night.

I am constipated and my digestion is out of order.

I feel almost hopeless, it seems to me that I shall never be strong again.

Cheer up, your case is far from being hopeless. You are suffering from general debility, your nerves need toning up, you lack vitality.

The cure lies in enriching and purifying your blood and strengthening the system. You should take Brown's Iron Bitters. It will restore you to robust, perfect health. You will improve from the first bottle. This remedy is pleasant to take and is a very powerful strengthener. It does not stain the teeth. But get the genuine—see the crossed red lines on wrapper.

BROWN CHEMICAL CO. BALTIMORE, MD.

"LIBERTY is being crucified between two thieves—the Democratic and Republican parties," is the howl of a People's Party party. Yes; and while Liberty is being tortured you are going through her pockets rifling them of gold and converting it into 50 cent silver dollars.

HON. ROLLA K. HART of Fleming is trying to make up his mind whether or not to run for Lieutenant Governor. By all means let's have hand some ROLLA on the Democratic ticket.

After his recent "interview" on Democratic prospects and things generally, he will be a shining mark for the paper bulls.

It's a Grand Success.

The fact has been demonstrated by the thousands of testimonials the Makers Drug Company, of Chicago, Md., has received since it has sent its famous Makers Magnetic Cream Cure out to the sufferers of catarrh. No medicine has received such an endorsement from the people in so short a time as it did. The makers sell the medicine on business principles and a patient is not required to buy the medicine by the dozen or by the gross. The Makers Magnetic Cream Cure sells for 10 cents per bottle to last for a three months treatment. Three bottles is the highest record ever required to complete a cure. General catarrh one bottle is guaranteed. No cure, no pay.

This is an unequalled offer and if you are a sufferer from catarrh get a bottle from your druggist. If he does not have it, write to the Makers Drug Company, of Chicago, Md.

A prominent R. R. Conductor speaks:

"To the Makers Drug Company, of Chicago, Md. I have the highest regard for your Makers Magnetic Cream Cure. It is a chronic form and expect to use more than one bottle. I used one bottle which removed the trouble from the head in good shape and on the second bottle for throat trouble. If I should succeed with the latter I will send you a testimonial. I am a sufferer from the near future. It will do for me. I am, yours truly,

G. J. KEMMERT.

OLNEY THE MAN.

The Attorney General Will Become Secretary of State.

This is On the Authority of a Member of the Cabinet.

Mr. Olney is More Familiar With State Department Affairs Than Any Other Person Outside of the President and Secretary of State.

WASHINGTON, June 4.—The belief grows that Attorney General Olney is to be made Secretary of State. The appointment has not been finally determined, but our correspondent has it Monday night on the authority of a member of the cabinet that it has been earnestly considered and that the indications now are that it will be made within a week. Had it been made, Olney's colleagues in the cabinet were, as a rule, hopeful of his transfer to the state department.

Mr. Olney is not the only name that has been considered, but it is certain that the thoughts of the president first turned to him after the death of Secretary Gresham. This was natural, because for two years the attorney general has been more familiar with state department affairs than any other person outside the president and secretary of state.

In every serious diplomatic complication his wise advice has been sought and usually followed. Mr. Cleveland has long regarded Mr. Olney as the ablest member of his cabinet, and the Boston lawyer, for a long time been to all intents and purposes the premier of the administration.

In case of his promotion, it is understood that Hoke Smith will make a strong push to succeed him as attorney general, a position which has for long been the object of his ambition. For him, and it is probable that the delay in naming Gresham's successor is largely to the difficulty presented in filling Attorney General Olney's place. James C. Carter, of New York, is under consideration.

There is the authority of a cabinet officer for the statement that the appointment of Hayard, Eustis, Whitney, Carter, Couderd and Dickinson has been considered.

Refreshment, Bains in Colorado.

DEVER, Colo., June 4.—Heavy rains throughout eastern Colorado and rapidly melting snow in the mountains are making the creeks and rivers boom and causing much uneasiness among railway managers. So far the Rock Island has been the greatest sufferer. Four hundred feet of track west of Limon, Colo., was washed away by an overflow of the Big Sandy, and traffic was suspended between Colorado Springs and Limon Junction.

Poisoned Ice Cream.

JEFFERSONVILLE, Ind., June 4.—Five small boys, Charles and Edward Smith, Harry Boon, Thomas and Conner Stuart, narrowly escaped death by making ice cream which they flavored with oil of cloves and chloroform, secured from their homes, under the impression that they had secured vanilla flavoring. Before they ate much of it they became sick, and in ravishment developed the case. All of them will probably recover.

A Fortune for a College.

It will be similar to the Vanderbilt clinic, of New York.
